

NORTHERN TRIBUNE.

SATURDAY, MAY 26, 1883.

NORTHERN MICHIGAN.

Indian River Correspondence.

INDIAN RIVER, May 24.

Correspondence of the NORTHERN TRIBUNE.

Capt. Keeney, formerly of the Northern Belle, has placed a very fine and well equipped shingle mill here, and shingles are "flying in the air" at the rate of 50,000 per day. The captain has taken a permanent residence at our village with his family. He has ten employees, and with "Walter" as first mate and John Moore as foreman it makes a good baker's dozen. Their "Star" brand of 18 inch shingles are gilt edge, and the demand for them is immense.

A. W. Brown, of New York, has arrived with a complete stock of photographic goods, and we expect that every man, woman and child in the vicinity will call and get a picture.

Henry Lester has recovered from the wound in his forehead, which was followed by severe facial erysipelas. He is now convalescent.

Henry Rodgers has leased the Johnson House, and has opened up an A No. 1 dollar a day house. Success to Henry.

Hopper's Hall has a benefit to-night in the way of an entertainment by the world renowned Prof. Von Vreeland. The professor with his company will visit Cheboygan. Of course all the first class shows come to see us now, and then visit the villages farther north. Hopper's Opera House is great. It is booked for two shows next week and more coming.

Mr. Worldoff expects to open up his new restaurant, saloon and billiard hall the 1st of June, and at the grand opening the Bay City band are expected to warm us up lively.

Our old friend Dr. Bell has returned to Wolverine, and has more measles than he can attend to. Grayling and bear are plenty.

Mine host Dolph of the McHenry House, assisted by Judge Carter, succeeded in slaughtering a noble specimen of the black bear, of which your reporter had some very fine steak. Hope they will get another one.

The Faunce brothers, of Burt lake, or Ohioville, have just placed a machine to make brick, capacity 12,000 per day. You may be sure our part of the county is booming. 11 families have come in a week, and all of the right stripe—good Republicans and hard workers.

River drivers plenty, and 20,000,000 feet of pine to move through Indian river.

The accident to Geo. Fleck, at Bailly's camp was very severe, and if he succeeds in having a clear knee joint he will be happy.

F. E. Martin's boat was beached near the Burt lake mill, and Capt. Gifford was very nearly drowned.

Did you take in the circus? We are to have it later. Forest fires are raging in this vicinity, but as yet no serious damage. The fire at Capt. Gifford's wharf was not so serious as was expected at the outbreak. Some wood was burned and the Katie was in danger, but our fire brigade was promptly on hand, and the flames were soon extinguished by their heroic efforts. G. C. Gerow, of Burt lake, was very nearly drowned yesterday, but by the presence of mind of Sam Tripphe was saved from a watery grave.

ESCALAPUS.

Allis Correspondence.

May 21st, 1883.

We had quite a little snow storm yesterday, and the mercury stood at 80° in the shade the day before. The weather would permit us to shear sheep one day and compel us to tie the fleece on again the next day.

Miss E. Rowe, of Ypsilanti, is here, fresh from the "State Normal School," to teach a 4 month's school in school district No. 2.

A very large bear was killed Sunday morning by N. Kennedy and D. Robinson.

Some one makes this statement in your paper: "Dr. McCosh, of Princeton college, is more of a philosopher than a disciplinarian, as the boys have lots of fun in his lecture room." This, to me, is a slur on my old tutor and America's most profound thinker. The casual reader is not informed by this statement that this meritment is the outgrowth of the president's brilliant stage upon Darwin, Huxley, Spencer and others in one line of lectures, and the sharp criticisms thrust upon students in the heat of debates in another course of lectures, and not that the boys sit idly by and play. Again it should be remembered that his classes range in numbers from 50 to 75, and are composed largely of theological students, ministers and post graduates of other colleges, who have served apprenticeships at their chosen professions and go there to polish their intellects under the Doctor's ponderous logical sledge. Hence if he knock the theological breath out of some eminent divines with a single blow meritment is sure to follow, notwithstanding he holds complete control over every student.

The Sunday school of District No. 1 is to be reorganized and started on time, and not swallowed each Sunday by class meetings.

As there is a great desire felt by hundreds of parents to place their children in some good educational institution, away from the vices and temptations of our intemperate cities and towns, we are contemplating the establishment of such an institution here in Allis, if the friends of education will come to the front with a little of their surplus means.

Mackinaw City Items.

From Our Own Reporter.

Those of our village who derive pleasure in taking the sunny tribe have fine sport now days at the old dock, where perch are plenty.

The church social this week was held at the Palace Hotel, on Wednesday evening.

The Howard Clifton troupe are billed for this place Thursday and Friday evenings.

Dr. Geo. E. Webster, Dentist, from Midland, Mich., who has been stopping here for the last week reported plenty of work in his line.

Mr. Triphagen has his new store building nearly ready for the inside work and it will soon be finished, making one of our finest business places.

Dr. Conkling is erecting an addition to his corner store building.

Willitt Bros. have the foundation for their new store laid.

Mr. Higby, our enterprising jeweler has removed his stock from the Sutherland store into Dr. Conkling's corner building.

Street Commissioner Sutherland still continues to make great improvements in the appearance of our village.

George W. Stimpson is making all necessary preparations for catching whitefish in front of the town.

SAULT STE. MARIE.

Chippewa County News—Demands of advertisers forces an enlargement of the paper, and this week it will appear a five column quarto. W. Chandler withdraws from the management and C. H. Chapman, who has had the business management for the past year, assumes the helm. H. W. Seymour received a letter from Mr. McMillan, of Detroit, stating that the railroad to the Sault would be commenced this summer and be in operation before the end of next season, and that he and Mr. Newberry had concluded negotiations in New York for funds to do the work. An immense amount of coal passed through the locks since the opening of navigation, 48,000 tons in two weeks. Fishermen making big catches. A great deal of ice in the canal last week. The Sault full of people, and more coming. Work on the new Hay Lake channel commenced. A letter by mail from the Canadian Sault, about a mile distant, now goes direct (?) via Detroit, about 800 miles.

Canadian engineers making preliminary surveys for the bridge across the rapids. It is understood, however, that only enough work will be done this season to make good the charter, and work commenced in earnest next season.

ST. IGNACE.

Republican—Dr. Bailey going to plat his lands in North St. Ignace. Rev. G. C. Squire, the new pastor of the M. E. church, and wife, have arrived. Mr. H. E. Burt, and family of the Martel furnace, have removed to Stillwater, Minn. Repairs and remodeling of retorts going on rapidly, and it is expected the furnace will go into blast again about August first. Building operations in the city lively. The first shipment of ore for the season was announced for last Wednesday. W. O. Strong, Land Commissioner and Chief Engineer Armstrong, of the D. M. & M. railroad, passed up on business. Daily shipments of lumber are being received from the mills up the road. Mackinaw Lumber Company's mill in full blast. The new cottages begin to rise. The company will open an extensive retail lumber yard in connection with their mill.

Free Press.—The meat shops are to receive fresh meat from Detroit and Chicago by refrigerator cars. The city wants to put on metropolitan airs and wants a bootblack. Talking of organizing a stock company for fitting up a cemetery. Complaints because sawdust and bark are used for grading the streets. Parties have been in the city looking for a location for a furniture factory. City has lots of strangers looking for homes. The press and type for the "News," the new semi-weekly paper, has arrived. J. F. Moloney & Bro.'s Cheboygan lager is winning favor, as it does everywhere. The city treasurer ordered some printing done in Marquette, the bill was vetoed by the council, and the printing committee instructed to have their printing done at home. Correct. Fire protection agitated in council.

MACKINAC.

St. Ignace Free Press Correspondent.—People plowing, notwithstanding the cold weather. Storm blew down the upper works of Murray's house. Dr. Jessop returned from a trip to Washington. Base ball and prize fights are the leading amusements. Coates & Arnolds tug Chas. West, arrived and fishing business commenced.

Republican correspondent.—Wm. Wendell recovering after a long illness. Capt. S. B. Grummond going to have his summer house remodeled by Candler, of Detroit. Palmer House opened a week ago Monday. A touching obituary of our fellow-townsmen, Chas. Brannock but we are glad to say, he still lives and is improving. There is much swearing over the village ordinance requiring certain sidewalksto be built.

GRAND TRAVERSE REGION.

Elk Rapids Progress.—The furnace started up Thursday of last week. Iron company building tramway from mill to dock. Want a sash, door and blind factory. Expect a railroad in a short time. Iron company going to build a large machine shop, 38x112 feet. Quarter acre lots selling for \$25. Expect lots of summer visitors; that beautiful chain of lakes is attractive.

Grand Traverse Herald.—Propeller Lawrence landed cement for the new asylum. Growth of Traverse City this spring marvelous. Fruit growers receiving large quantities barrel staves and heads; looks like they expected to have some fruit. Decoration day will be observed.

GAYLORD.

Herald—Saw mills all running. New sidewalks being built, the town spreading so fast it had to be done. A lively stable wanted. Council appropriated \$50 to build a band stand in court yard square. Claims Gaylord has increased 200 in population since January. Decoration day will be celebrated, civic societies turning out and general parade of citizens and school children. After ceremonies at cemetery, and return to Gaylord, Col. E. S. Dickinson will deliver an oration. The band furnishes the music. Ex-Supervisor Manes, of Charlestown township, is alleged to be short \$800 with the town and has fled.

PRESQUE ISLE COUNTY.

Advance.—Tuesday of last week the Atlantic landed 35 Swedish immigrants at False Presque Isle, to work for the Presque Isle Brick and Lumber Co.—Edward Fisher, of False Presque Isle, got out 70,000 pieces of cedar last winter. Dr. J. B. Patterson, has a crew of 25 men at work on the Oquago branch of the Duncan City and Alpena state road, and expects to have it completed inside of six weeks. A large number of new settlers are moving into Allis township, at the head of Black Lake. Katerina Kujawa took out full citizen's papers Tuesday of last week, and eleven men, with jawbreaking names, worse than her's, in addition.

MANISTIQUE.

Pioneer.—Demand for hardwood. Mechanics scarce. That attack on the Major did not scare him, and he is as lively as ever with his faber. He intimates he is well supplied with artillery. The new hotel, and the only one, is nearly completed. Wants a graded school. A stage line to railroad wanted.

PETOSKEY.

Record.—Next week the Record will add a column to each page. Wants a good road built so that they can get in and out from the city. Maggie Hewitt, a woman of doubtful reputation, committed suicide by taking morphine, last Saturday morning. After June 1st a fast train will make the run from Petoskey to Grand Rapids in six hours. Sells Bros. circus June 11th.

HARBOR SPRINGS.

Independent.—Private telephones being erected. Rev. E. M. Ellis, of Vineland, N. J. has been secured as pastor of the Presbyterian church for the summer.

Throw the old Hat away and buy a new one at NELSON & BULLEN'S.

HIS OPINION.

In Clear Sentences an Authority adds his own to the popular judgment. 171 West Tenth Street, New York, Aug. 11, 1880.

Messrs. Seabury & Johnson: I am slow to pin my faith to any new curative agent. Benson's Caprine Plaster has won my good opinion. I find it an exceptionally cleanly plaster to use and rapid in its action; many tests of its qualities in my own family, and among my patients, have convinced me that there is no other single article so valuable for popular use, none so helpful in cases of lame back, Local Rheumatism, Neuralgia, Congestion of the Bronchial Tubes and Lungs, and Lumbago.

H. H. KANE, M. D., Physician-in-Chief of the De Quency Home, Price of the Caprine, 25 cts. Seabury and Johnson, Chemists, New York.

PARKER'S GINGER TONIC. ONCE TESTED ALWAYS PREFERRED.

This great remedy has won its way to the highest place in the esteem of the most intelligent people. There are daily recruits to its hosts of friends. Its performance is invariably BETTER THAN ITS PROMISE.

It gives tone and power. For complaints of the Kidneys, Bowels, Stomach, Liver & Lungs, for all the subtle troubles of women and for those bodily disorders induced by anxiety, care and mental strain, its effects will surprise you. It is not an essence of ginger. Delicious to the palate, an antidote to the liquor habit, and exceedingly helpful to the aged and feeble. 50c and \$1 sizes.

HISCOX & Co., New York.

EXCELSIOR AND E-CLIPPER
LAWN MOWERS. HAND MOWERS. 10 TO 20 IN. HORSE MOWERS. 25 TO 40 IN.
